

PUBLIC NOTICE

“The RM of Meota has identified a list of properties within the RM to be inspected by an appraiser with SAMA – Saskatchewan Assessment Management Agency. SAMA is responsible for the property assessments in the RM. The municipality has identified properties where a change in assessment may occur – such as new dwellings, garages, sheds, decks or additions to dwelling, etc., as well as removal of buildings or assessable structures. The SAMA appraiser only needs to do an EXTERIOR inspection of the listed properties, in order to obtain the dimensions/size, class & condition of the listed structure. These inspections will be occurring in the month of January. The SAMA appraiser will have the proper identification marked on his/her vehicle, as well as carrying an identification card.”
