

RURAL MUNICIPALITY OF MEOTA #468

PUBLIC NOTICE

Please note that Central Pole Inspection and Maintenance – contracted by SaskPower – will be having power pole inspection crews in and around our municipality starting today - Thursday, May 23rd and continuing for approximately the next 2 months. They will be driving ½-ton and ¾-ton white trucks to access the power poles. The vehicles are marked with their company name and phone number. They will be going from power pole to power pole doing inspection and maintenance throughout the area. The goal for this program is to identify and report on the condition of these power poles and to find poles that need to be replaced or identify issues to be addressed by SaskPower. If you have any concerns, please feel free to reach out to them at 306-540-3190.

Thank you.
