

Gopher Control Program

DID YOU KNOW?

SARM administers a cost-share rebate program to control ground squirrel (Richardson's, Franklin's, thirteen-lined and the Northern pocket gopher) populations **available to producers, RMs and First Nations** funded through Sustainable CAP.

2024-25 GOPHER CONTROL PROGRAM will rebate:

- **Up to 50%** on **registered gopher control products** used by July 31, 2024.
- **Up to 50% (to a maximum of \$125)** for the materials used to build raptor platforms and nest boxes as a non-chemical means to increase predation.

HOW TO CLAIM by JULY 31, 2024

- Scan the QR code or visit the SARM website at the link below for **GCP Program Guidelines and Claim Form**
<https://sarm.ca/programs/sustainable-canadian-agricultural-partnership/gopher-control-program/>
- Completed claim forms and invoices must be submitted through your RM or First Nation office to be signed by the administrator before the claim deadline.
- RMs and First Nations submit all claim packages to SARM by July 31, 2024.

Please contact your SARM Division Plant Health Technical Advisor for more information or to answer any questions.
